

Dear Sir / Madam,

We observed that one fake email is sent from jamfjohn@ut.utm.edu informing that "you are operating at 99% of quota". He has also requested you to upgrade to 2GB by clicking a link below"

The user will collect your user-id and password and will use your credentials to send unsolicited emails to other mail servers by using our server.

Please do not click the link or respond to this email It is also requested not to respond to any of this type of emails.

If you have clicked the link and provided the user details before reading this then you are requested to change the password immediately. Please ensure that the password is alphanumeric with special characters and not dictionary based words..

With kind regards,

System Administrator
